AV Niche (Recording Systems) Limited supply a full range of “easy to use” video interview recorders which are available to produce single, dual, triple and quadruple copies of an interview in progress. Left and right audio channel duplication is provided as standard. Each system is supplied as a standalone metal cased unit with lockable glass door for restrictive access and added security.

Single function controls are integrated within the system for “ease of use” operation. In built audible visual alarms together with alpha-numeric display are provided to ensure correct equipment operation. An integral 4” or 14” colour LCD display monitor and headphone socket are provided as standard within each of the AVN video interview recorder systems. Video, audio left and right channel outputs are also provided for additional remote monitoring facility options.

Supplied by : AV Niche (Recording Systems) Limited
